

HAPPY EASTER

Easter is just around the corner, which means lots of chocolate! This means lots of sugar in our diets and unfortunately, sugar plays a very harmful role in tooth decay. Everyone has bacteria in their mouths and this bacteria uses sugar to form acid. This acid then attacks our teeth causing decay/holes. Enjoy your Easter eggs, but be mindful of how much sugar you are providing to the bacteria in your mouth and be diligent with tooth brushing and flossing.

Welcome to Dr. Brittany Leong

Dr. Brittany Leong completed her degree in Dentistry at the University of Sydney. Prior to this, she completed studies in biochemistry at

Finalist for Local Business Awards 2017

Yet another achievement for Finesse Dental! We were awarded as the Finalist for Local Business Awards 2017!

Congratulations to Finesse Dental

the University of British Columbia, Vancouver and the University of Victoria, Canada, from where she originally hails. Dr. Leong has participated in numerous international research projects, has worked with the United Nations and was the recipient of a prestigious scholarship to deliver healthcare to marginalised remote populations in Uganda, Africa in 2010. Currently undertaking a two year training program in Orthodontics, Dr. Leong has a particular interest in helping patients achieve a smile that they are proud of. She strives to treat patients like family members and ensures all patients feel comfortable and at ease. When not focusing on Dentistry, Dr. Leong enjoys travelling and exploring new parts of Australia with her husband and dog.

"Like' us on Facebook and get a chance to win one of our dental services for FREE!!! * Terms and conditions apply.
