

Australian Small Business Champion Awards

AUSTRALIAN
SMALL BUSINESS
CHAMPION
AWARDS 2013

FINALIST

HEALTH IMPROVEMENT
SERVICES

FINESSE DENTAL

At Finesse Dental we are honoured and proud to be a finalist of the Australian Small Business Champion Awards for 'Health Improvement Services.'

The Australian Small Business Champion Awards is a program that supports and recognises small businesses throughout Australia. It recognises small businesses for their hard work that business owners put in and for their contribution to the local community.

We would also want to give our gratitude to all our existing patients. The highest compliment our patients can give is the referral of their friends and family. Thank you for your trust and making us grow. We look forward to serving you our very best.

The Importance of Check up and Cleans

The team here at Finesse Dental are always delighted to make bookings for patients to see our Dentists. Especially for those who phone us to make an appointment, not just for themselves but for the whole family for their 6 month recall. By coming in for 6 month checks and clean you are doing the best thing for your oral health. Dental examination can detect any problems in early stage and prevent it for any invasive treatment and ensure to keep cost to a minimal.

Getting teeth cleaned in addition to a check up is important as well. Plaque, that we tend to miss may build up and over time. If not removed it becomes sticky and hard and becomes difficult to remove at home. Therefore, it must be removed by a dental professional. If these bacteria are left untreated, it can cause oral diseases such as dental decay or periodontal (gum) disease. But did you know?... It can also lead to more serious diseases such as:

- Heart & Cardiovascular disease
- Pancreatic Cancer
- Dementia
- Obstructive Pulmonary Disease relieved
- Pneumonia
- Rheumatoid Arthritis

Read and know more about it in our next newsletter!
