Exceptional smile with Exceptional Care

NEW YEAR, NEW SMILE!

Are you feeling relaxed and refreshed? Or are you still recovering from all the festive meals and treats we often indulge in during the holidays?

The beginning of a new year is usually a time of renewed energy, optimism and change. Gym memberships are purchased, savings accounts are opened, but what about your smile? Healthy teeth and gums are a crucial part of maintaining your quality of life, so this year as you make your new year's resolutions, we encourage you to include some dental resolutions on your list. After all the delicious treats and sweets consumed during the holidays, your smile might be in need of a little tender loving care.

CHECK-UP & CLEAN OFFER

* Pay **NO GAP (NEW patients only)** for comprehensive dental check-up, clean & x-rays, if you are a **HEALTH FUND MEMBER**.

* Pay **\$165** (originally \$330) only for **NON-HEALTH FUND MEMBER**.

Apart from daily brushing and flossing, regular check-ups are the most effective way to keep your teeth strong and healthy, no matter how young or old you are. It's best to get your teeth checked and professionally cleaned every 6 months – this helps to remove any built-up calculus, as brushing unfortunately can't remove plaque once it is hardened.

Your comprehensive dental examination will include:

- Full visual and palpatory inspection and evaluation of your teeth and gums
- Precise yet gentle cleaning and polishing of all your teeth, including below the gum line
- X-rays
- Diagnosis and treatment plan for any problems found
- Daily oral hygiene tips, including brushing technique, flossing and mouthwashes
- Consultation on lifestyle factors such as diet, water intake, medication interactions and smoking

To maintain the health of your smile and prevent decay, Finesse Dental strongly believes that regular check-ups and good oral hygiene play an important role in keeping your teeth and gums healthy and providing you with that natural, healthy smile for life!
