

As our practice strengthens from year to year, the continuous support of our loyal existing patients is increasingly valued. We welcome our new patients each month. It is this loyalty, along with the growing reputation of our services among new patients that we are extremely proud of.

We would like to extend a warm welcome to Saba Samali as our new hygienist. Many of you may have already met Saba however we wanted to take the time to officially introduce her and welcome her to the team. Saba will be working alongside our dentists and providing oral health services to our valued patients

**Saba Samali** is an **Oral Hygienist** who studied at the University of Newcastle, graduating with a distinction from the Bachelor of Oral Health programme. Oral hygiene focuses on preventive dentistry and educating patients on their current oral health status. Saba's skill sets include regular maintenance cleans, fissure sealants, whitening, oral hygiene instruction and some training in orthodontic work. Alongside a handful of Dentists and Oral Hygienists, Saba visited Indonesia and West Timor in 2015 to provide dental care to people living in remote villages, as well as children in orphanages. In her spare time, Saba enjoys playing the guitar and is part of a

## Orthodontic Treatment

Today, more and more adults are opting for orthodontic treatment to create a healthier and more attractive smile and to increase their self-esteem and confidence. At Finesse Dental, we're treating more and more adult patients who have decided that it's not too late to still

**Teeth straightening is now possible at ANY AGE!**

achieve their dream teeth and smile. And we have been successful in achieving great results too. We have a range of orthodontic treatments available for adult cases such as Invisalign, Inman Aligner, Six Months Braces, Magic Aligner and ClearCorrect. Modern adult orthodontic treatments not only improve the teeth alignment and arrangement, but are also designed to be completed in the shortest possible time with optimal results

At our practice, we can assess and recommend which one you'd benefit the most from. Our dentists are highly experienced, trained and accredited for all the above modern orthodontic treatments.

***Have you completed an orthodontic treatment recently? Don't forget to book in for a recommended clean every 2 months to maintain that beautiful smile.***

**We are also offering a [FREE Teeth Straightening Consultation](#)!! Don't forget to refer your friends to us**
